

Design2go-Lid

Lid with new and intelligently designed closure technology and the optimized drinking opening gives you a new type of drinking haptics (button design). The practical one-handed operation and the drinking ergonomics (nose free when drinking over thoughtful design down to the last detail) complete the great design. The rocker can be removed by simply pressing on the back for cleaning.

With a diameter of 85 mm, suitable for the ISO2go-Cup (then becomes the Design-ISO2go-Cup) and the party cup 0.4 L (becomes the Design-Latte2go-Cup).

Available standard colors on request.

- approved by BGA and FDA
- free of bisphenol-A
- removable rock for easy cleaning
- dishwasher-suitable
- simple one-handed operation
- label "on/off" also in Braille font
