

Conference cooler for 3

The conference cooler for 3 is a small, smart cooler that fits perfectly on narrow meeting tables. Elegant and space-saving.

The advantages of the conference cooler at a glance:

- several coolers can be combined
- advantageous handling due to functional cooling battery in silver (cheap version)
- high-quality design when using the cooling plate

Available cooling plate variants:

- cooling battery in silver
- cooling plate unfilled as counter display
- cooling plate filled with high-performance cooling brine
- cooling plate with crushed-ice-effect

max. bottle diameter: 70 mm (75 mm on request)

- ideal for narrow meeting tables
- several coolers can be combined
- various cooling plates available
- professional PU-feet
- suitable opening for bottle opener WAVE made of 18/10 stainless steel - optionally available
