

Bowl2go-Größe L

Designed for Recycling: The new Bowl2go series from ADOMA is cleverly constructed. Single-material, i.e. made from the same material group for soft and hard components, which means that it can be easily recycled after long-term use. With 500 guaranteed flushes when used correctly in both industrial and household dishwashers. Ideal for the materials cycle, with optimized CO2 consumption and reduced waste. Sustainability in action
Made in the Allgäu!

The practical bowls for to go and take-away. Bowl and lid can be printed with individual designs. The material polypropylen is BPA- and pollutant-free and is microwave-safe when used correctly.

Available standard colors: bowls in lime green, ivory - lid highly transparent/anthracite and others on request.

- approved by BGA and FDA
- free of bisphenol-A
- environmentally friendly - reusable
- dishwasher-suitable
